

# RDA Recycling Machinery

**Telma belt conveyor**

**Type SB2**

**Effective width approx. 650 mm**

## Telma belt conveyor Type SB2 Effective width approx. 650 mm

### Technical specifications:

- Manufacturer Telma Maschinenfabrik
- Type SB2
- Drive power 0,5 kW
- Electrical power supply 220/380 V / 50 Hz
- Nominal current 1,75 A
- Height of driving axle over ground approx. 1.600 mm
- Belt width approx. 650 mm
- Length Approx 5.100 mm
- Weight approx. 600 kg
